

# Your Year-End Gift Will Brighten Our Screens

## Help make the Projector Project a reality.

In 2013, theaters nationwide made the mandatory switch to digital projection. The 2K projectors in theaters 2 and 3, which typically have a lifespan of about ten years, are now twelve years old. To ensure we can reliably continue presenting the latest releases and newly restored classics in the best possible quality, it's critical that we replace the aging equipment and upgrade to 4K projection.

## New 4K Digital Projectors.

Your previous support has helped us replace other depreciated items in the booth – servers and sound processors. Now, we need to replace the actual projectors.

### The new projectors will:

- Provide sharper, brighter images for all films.
- Allow us to present new & classic films in their best possible form.
- Support our ability to stay innovative while honoring the art of cinema.

### Your Support Makes It Possible

These upgrades are crucial to our mission of showcasing film as an art form. We rely heavily on individual gifts to keep the theater operating and to raise the funds needed for this vital upgrade. Whether you're a longtime cinephile, a supporter of local arts, or simply someone who loves the magic of the movies, your donation makes a lasting impact.

Make a gift to ensure the future of the County Theater

# Dear Friend of the County,

The nonprofit County Theater is a centerpiece of Doylestown's thriving downtown. The theater provides a place for everyone to come together to be entertained, inspired, and transported back in time.

We are all so proud of our new expanded space, but the work of keeping our historic theater operating continues - these projector upgrades are essential to our continued operation. Your support retains our classic cinema charm along with modern technology that allows for the best possible movie experience.

Please make a gift to the County so that it can continue to bring great movies and events to the community.

With thanks, and see you at the movies -

"I loved my experience at this theater. I am not a local, but felt right at home. Would absolutely return for future screenings."  
-Tiffany

"I've been going to the County Theater since 1980 when *Star Wars* was still playing after many years. The County Theater is a staple to the Doylestown experience. If you're an avid movie watcher, I recommend getting a membership."  
-Stephen

"Whether you're catching an indie film or a classic favorite, the inviting atmosphere and friendly staff make it a must-visit destination for any movie lover."  
-George
